REASONS FOR ALLOWANCE

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

The claims have been amended as follow:

Claim 7, line 25, delete "plate" and insert --race--.

The change is necessary for proper antecedent basis and consistent with the claim language of original claim 17.

The following is an examiner's statement of reasons for allowance:

Claim 1 and 7 have been amended to include limitations that were deemed allowable in the Office Action mailed March 2005. Of particular patentable significance in these claims is the relationship between the pin of the shifting ring, the slot of the inner race and the notch of the cam plate. Furthermore, claim 1 further recites a V-shape cam notch and claim 7 further recites a cage plate and end cap. The resulting combinations are not shown or taught by the prior art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Saúl J. Rodríguez whose telephone number is (571) 272-7097. The examiner can normally be reached on M-F 9:30-6:00.
